

Setting Tasks with Learning Pods From Resources

The resources menu is always accessible on the Studyladder menu at the top of the page. The resources page allows you to browse all the learning content on Studyladder in one convenient place.

1. Click 'Resources'.

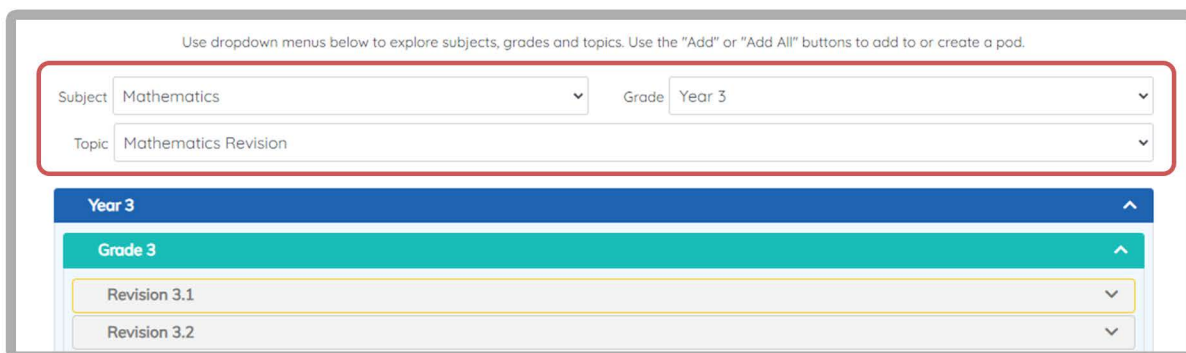

2. Set the Class/ Group, Using the drop down.

You can filter Studyladders content by subject, grade and topic to make it easy to find the tasks you want.

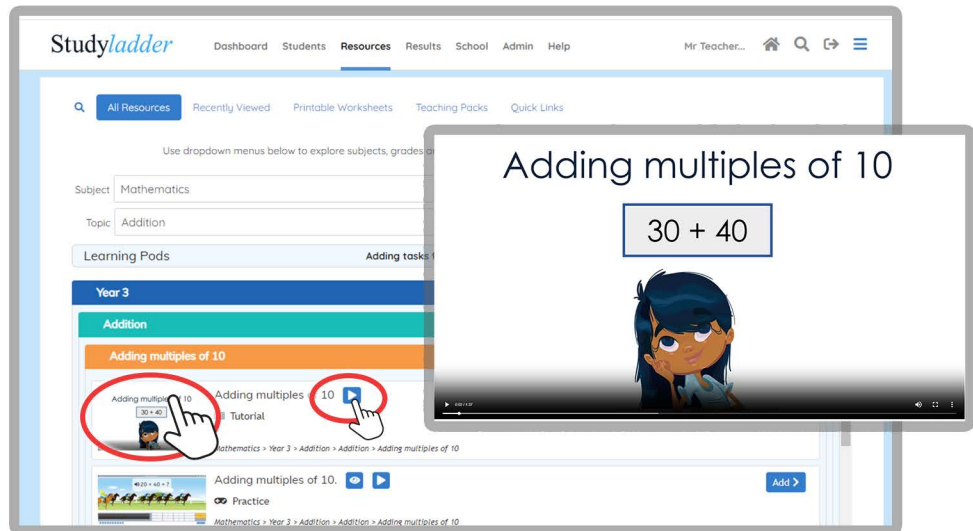

3. Click through 'Subject', 'Grade' and 'Topic'.

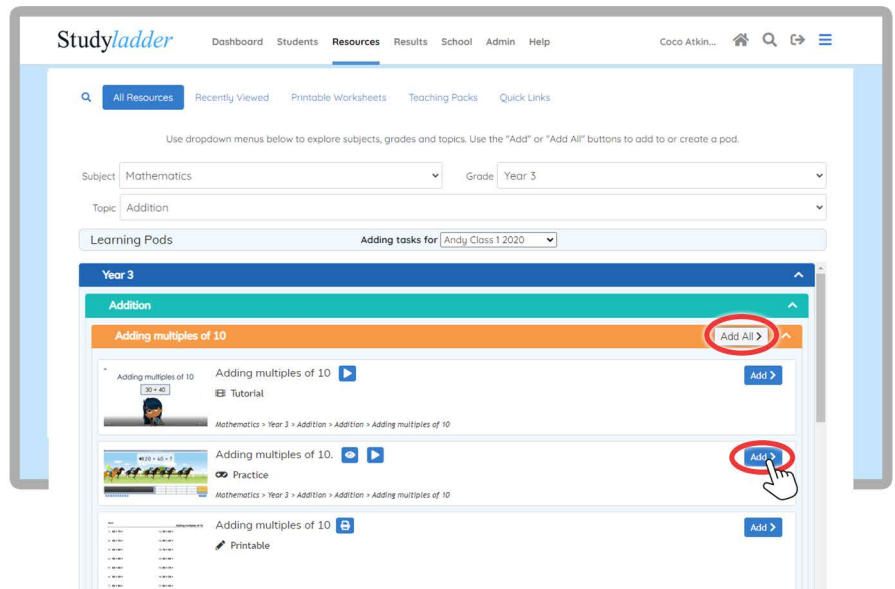

Setting Tasks with Learning Pods From Resources

All tasks, videos, and activities can be **previewed** or tested to ensure that you're happy with the content.

4. Click the **Image** to see the preview.
or
Click the **play button**, or **eye button**.

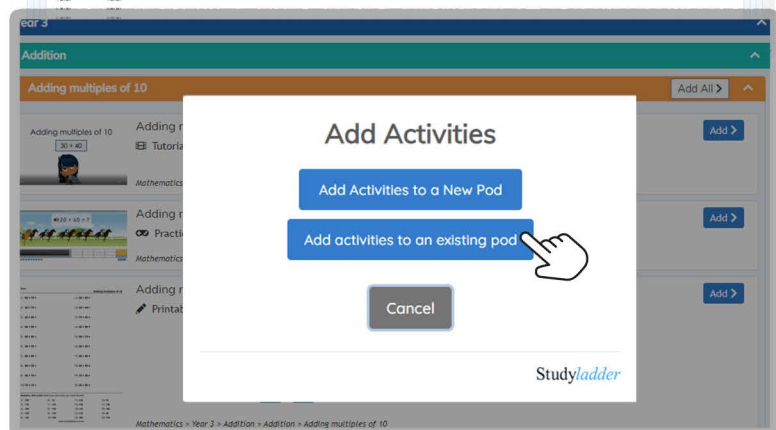

5. Click **'Add'**
or
Click **'Add All'**
(This will add all the resources for the topic.)

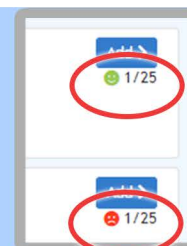

From here you can **create a pod**, or add the activity to a **currently existing one**.

6. Either click **'Add Activities to a new Pod'**.

or Click **'Add activities to an existing pod'**.

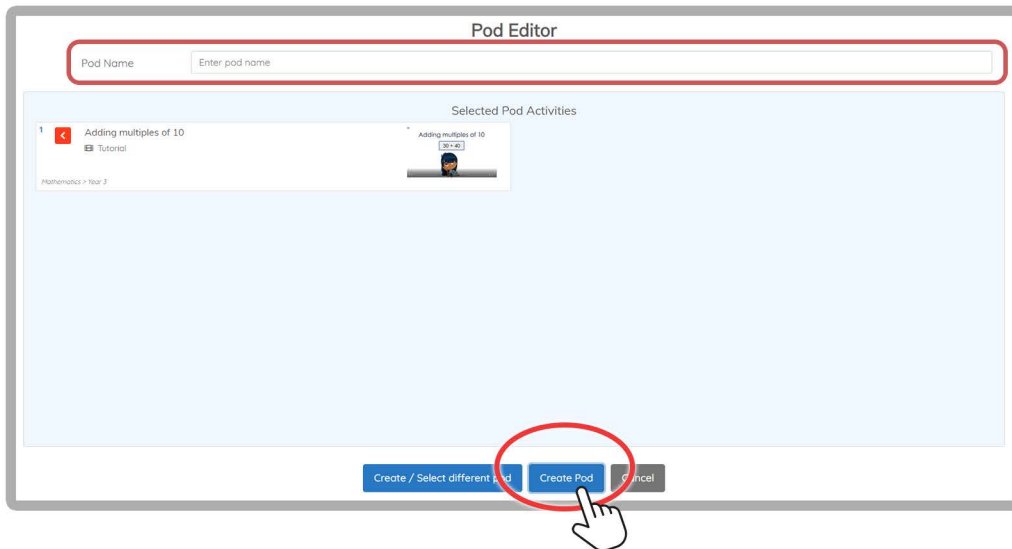

See if your students have completed an activity, video, or printable already. Also, check their performance on an activity by hovering over it.

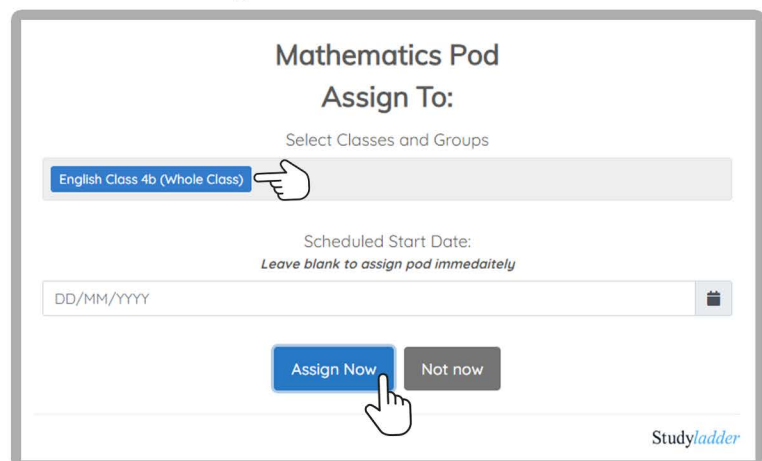

Setting Tasks with Learning Pods From Resources

7. If you wish to create a pod with the selected tasks, give the pod a name and click the 'Create Pod' button.

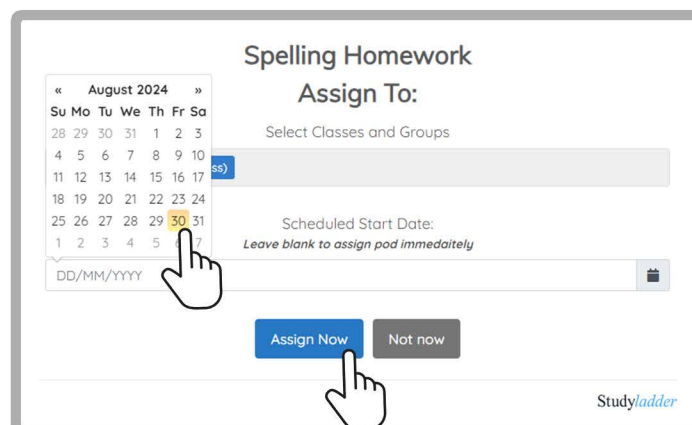

8. Select the **class or group** to assign the pod to.

To assign immediately click **'Assign Now'** and leave date box blank.

9. To schedule the Pod
Click the **date box** and select a **start date**.

The pod will now appear in your pod library and be available to add additional tasks to.

Setting Tasks with Learning Pods Printable and Teaching Packs

You can narrow your search to printables and teaching packs or navigate to the quick links page by clicking the links at the top of the page.

1. Select a 'Teaching pack'.

Scroll through and either click individual printables or whiteboard lessons to open them.

or

Scroll to the bottom of the page where you can add activities from the pack to a Pod.
